ಕೀಲಿ ಉತ್ತರ

| ತರಗತಿ : 5 ವಿಷಯ : Environmental Studies | | | | | 5/18 | | | |
|--|--|--|------------------------|--|--------------|------------------------------------|--|--|
| 4. 7. | A) Potential En | 6. | 5. B) 8. A) | Vitamin Yakshagana Millet ansportation of v | 6. I 9. I | D) Venus D) Mercury B) 2 : 1 | | |
| | B) Weight and Density of Shot-put is moreC) We eat same type of food in all the seasons (12×1=12) | | | | | | | |
| | Substance formed of very small particles with same properties 2 • 'O' | | | | | | | |
| 14. | The lion capital with four lions is our National Emblem1 \rightarrow It has adopted from Sarnath pillar1 \rightarrow Adopted from Ashoka pillar1 \rightarrow It has a wheel, horse and a bull at its base1 \rightarrow Importance of wheel, horse and a bull (Any suitable one point. Award one mark) | | | | | | | |
| 15. | A piece of land surrounded by water on all sides is called an Island.1A piece of land is surrounded by water on three sides and one side by land is called as a Peninsula.1 | | | | | | | |
| 16. | Solid 1) Wood 2) Sugar powder Each correct po ¹ / ₂ × 4 = 2 | Liquid 3) Water int is given ¹ ⁄ ₂ | Gas 4) Air mark. | | | | 1) $\frac{1}{2}$ 2) $\frac{1}{2}$ 3) $\frac{1}{2}$ 4) $\frac{1}{2}$ | |
| 17. | \rightarrow People fall sick easily1 \rightarrow Poisonous chemicals enter the body due to the intake of tasty food instead of healthy food.1 \rightarrow Body is losing the power to fight diseases.1 \rightarrow Consumption of spicy food and junk food has given rise to obesity problems.1 \rightarrow (Each point carries one mark) (any 2)(Consider other related answers also) | | | | | | | |
| 18. | Transportation, safety packing facility roads street lights.1Community halls, Parks, Hospitals, Shops, Electricity etc.1Any suitable points to be rewarded.11 point – 1 mark1 | | | | | | | |
| 19. | → Solar water heater, → Solar cooker, → Solar traffic signal, → Solar cooker, → Solar calculator, → Solar cell, → Solar watch, → Solar streetlight, → Solar lamps , → (Any 4), → Each ex carry + ½ mark $\frac{1}{2} \times 4 = 2$ (Any two examples) | | | | | | | |

| 20. | * | - | environment by using solar energy instead | ng moderately. 2 ad of conventional fuels. | | | | | |
|--|---|----------------------------|--|--|--|--|--|--|--|
| | | | for each point | | | | | | |
| 21. | | Objects that float | Objects that sink in water | ۶ | | | | | |
| | | in water | | 1/2 | | | | | |
| | | Butter | Metallic coin | 1/2 | | | | | |
| | | Wooden duster | Iron nail |] ¹ / ₂ | | | | | |
| | | Each correct ½ mark ½ × | answer carry 4 = 2 | | | | | | |
| 22. | | The penins | ular plateau is rich i | n minerals 1 | | | | | |
| | | | - | helpful for the cultivation of crops | | | | | |
| | | | • | h are useful for the generation of hydro-electricity 1 rearing of animals and industries | | | | | |
| | | ny two) | | | | | | | |
| 23. | 1 | . Water pollu | ution | 1 | | | | | |
| _0. | er, makes it poisonous. | | | | | | | | |
| 3. Water will not be suitable for daily use. | | | | | | | | | |
| | 4. Aquatic animals die. 5. Aquatic plant dies. | | | | | | | | |
| | 6. Spread many diseases. | | | | | | | | |
| | (any 4) | | | | | | | | |
| | A | ny other sui | table answer | | | | | | |
| | | - | State Stat | | | | | | |
| | | | | | | | | | |
| 24. | | | Earth Jupiter | 1 mark drawing | | | | | |
| | | Marso one mark for marking | | | | | | | |
| | | | | | | | | | |
| | | | | | | | | | |
| | | | | | | | | | |
| | 1) Jupiter(1)2) Earth(1)3) Mars(1)1 Mark for marking each planet. | | | | | | | | |
| | | | hark for drawing | | | | | | |
| | | | marked carry 1 mar | k 1+1 × 3 = 4 | | | | | |
| | | | | | | | | | |
